**Re: Offer of Cash Out Settlement at the Diamond Alkali Superfund Site
Lower 8.3 Miles of Lower Passaic River**

Dear Mr. Fajardo:

This firm represents Pfizer Inc. ("Pfizer") and Wyeth LLC, on behalf of Shulton, Inc. ("Wyeth"), as well as their corporate affiliates (collectively "Pfizer/Wyeth"), with respect to the Diamond Alkali Superfund Site and the Lower Passaic River Study Area (the "Site"). Pfizer/Wyeth received your Offer of Cash Out Settlement, dated March 30, 2017 (the "Offer"), with respect to the Lower 8.3 miles of the Site, also known as Operable Unit 2. I am writing to confirm Pfizer/Wyeth's willingness to participate in the settlement and enter into a settlement agreement in substantially the form of the draft Administrative Settlement Agreement enclosed with the Offer.

On April 12, 2017, we, along with several other similarly situated recipients of the Offer, submitted to you via email from Zack Hohl proposed comments and changes to the draft Administrative Settlement Agreement. In addition to being willing to participate in the settlement, Pfizer/Wyeth also looks forward to hearing from you regarding those comments and our request for a meeting, and we remain interested in discussing the components of the settlement agreement not otherwise addressed in your April 13, 2017 email to Zack Hohl.

Best regards,

Seth Kerschner
